

**Ahmad Jamal Presents...**

# **JAE SINNETT'S ZERO TO 60 QUARTET**

**Legendary jazz master and Grammy Lifetime Achievement Award Winner Ahmad Jamal now presents Jae Sinnett's Zero to 60 Quartet**

"I was first introduced to Jae's music via his Sinnett Hearings recording...which remains one of the most interesting presentations I have been privileged to listen to. American classical music, commonly referred to as jazz, has produced a long history of extraordinary talent. Jae Sinnett is no exception and joins the elite corps of contributors to America's indigenous art form...jazz." - Ahmad Jamal

"I am thrilled and honored that Mr. Jamal has taken an interest in my Zero to 60 Quartet. We are humbled to have Mr. Jamal's endorsement. A true jazz master and legend. When we first heard my Sinnett Hearings release back in 2006 he expressed interest in performing my Bedrock composition. I was like...seriously? Ahmad Jamal wants to play one of my compositions? It's even more special for me because it's not often drummer led groups and original compositions get such attention. I'm proud indeed. We stayed in contact over the years and when my 2016 Zero to 60 CD was released he offered to start a working partnership along with his European representatives." - Jae Sinnett

The collaboration now begins. Jae Sinnett's Zero to 60 Quartet, with saxophonist Ralph Bowen, pianist Allen Farnham and bassist Terry Burrell, is one of the best jazz ensembles playing today. Led by drummer/composer Jae Sinnett, the quartet is highly creative, visionary, soulful, melodic and rhythmically sophisticated.

Stateside Representation - Mason Management

European Representation - ACM Productions - Seydou Barry
